C-SERIES

Table top heat sealer

Premium quality. Reliable. Value for money.

Table top heat sealer

Premium quality. Reliable. Value for money.

C-series heat sealers are very easy to operate and require minimal working space. They are suitable for a wide range of packaging applications in production, order fulfilment and office environments. Simply connect to a 230 V power supply and they are ready to go.

The C-series machine range is produced in five sizes, with sealing lengths ranging from 220 mm to 820 mm.

C-MODEL

ORANGE POWDER COATED FINISH

CI-MODEL

WITH ANODISED ALUMINIUM FRAME AND STAINLESS STEEL FITTINGS FOR THE FOOD INDUSTRY

SIMPLE OPERATION

- Adjustable sealing time
- Sealing bar can be closed manually
- LED red/yellow light display for sealing
- 2.5 mm sealing width
- Integrated security cutting knife system

SUITABLE FOR SEALING

- PE, PP, PA, PVC and other thin laminated films
- PE film, up to two layers of 200 microns

ACCESSORIES

- Working table
- Film roll with split roll technology

Working table

Film roll with split roll technology

Film roll with split roll technology and guiding plate

Typical application: double working table and double film roll
